TCC Certification

About TAPA & SIMM

Enhance your Supply Chain Security certification!

TAPA - Transported Asset Protection Association (TAPA) is an association of security professionals and related business partners from high technology and high value companies who have organized for the purpose of addressing the emerging security threats that are common to the high value industry supply chain.

SIMM - The Singapore Institute of Materials Management (SIMM) was incorporated in 1980 as a non-profit and self-supporting independent educational institution, with quality as its corporate emphasis. SIMM has since grown to be a premier institution offering Logistics, Supply chain Management and E-commerce education for the industry training professionals and assisting also in the conversion of manpower for personnel not in the Logistics and Procurement field or industry.
